

Table of Contents

LIST OF TABLES.....	iv
LIST OF FIGURES.....	v
LIST OF MAPS.....	vi
CHAPTER 1: REGIONAL GOODS MOVEMENT: LINKS TO OUR PAST AND TO OUR FUTURE	
Strategic Freight Plan Intent.....	1-2
Study Area.....	1-4
CHAPTER 2: THE NATIONAL, STATE AND REGIONAL FREIGHT PICTURE	
National Freight Policy.....	2-1
Moving Florida to a Greater Economic Activity.....	2-3
Office of Freight, Logistics, and Passenger Operations.....	2-4
Strategic Intermodal System.....	2-4
Positioning the Tampa Bay Region for Success.....	2-5
Growth of the Interstate-4 Corridor as a Distribution Hub.....	2-5
Panama Canal.....	2-6
Free Trade with Cuba.....	2-6
Other Latin American and Caribbean Markets.....	2-7
CHAPTER 3: THE ECONOMIC VALUE OF ENHANCED FREIGHT MOBILITY	
Regional Freight Related Employment.....	3-2
CHAPTER 4: REGIONAL FREIGHT INFRASTRUCTURE AND MODAL ASSETS	
Regional Freight Activity Centers.....	4-1
Seaports.....	4-2
Airports.....	4-3
CSXT Intermodal Facilities.....	4-4
Distribution Centers.....	4-5
Mining Activities.....	4-6
Regional Freight Transportation Network.....	4-7
Roadways.....	4-7
Seaports and Waterways.....	4-8
Railroads.....	4-9
Aviation.....	4-9
Pipelines.....	4-9

Commodity Flows.....	4-10
Major Inbound Commodities.....	4-10
Major Outbound Commodities.....	4-10
Major Internal Commodities.....	4-11
Summary of Major Regional Commodities.....	4-12
Diversity of Products, Diversity of Freight Modes.....	4-12
Modal Trends and Projections.....	4-12

CHAPTER 5: INVESTMENT IN THE REGIONAL FREIGHT NETWORK

Programmed Roadway Capacity Improvement Projects.....	5-1
Programmed Roadway Operational Improvements.....	5-2
Programmed Multimodal Improvements.....	5-3

CHAPTER 6: CHALLENGES TO EFFICIENT GOODS MOVEMENT

Infrastructure Conditions.....	6-1
Infrastructure Capacity.....	6-3
Transportation Regulations.....	6-4
Market Conditions.....	6-6
NIMBYism.....	6-7
Conflicting Public and Private Goals.....	6-8
Local and Regional Focus of Transportation Planning.....	6-9
Freight Does Not Vote.....	6-10

CHAPTER 7: ASSESSMENT OF FREIGHT MOBILITY NEEDS

Plan Objectives.....	7-1
Freight Mobility Needs.....	7-2
Types of Freight Mobility Needs.....	7-3
Measuring Freight System Performance.....	7-5
Regional Priority Needs.....	7-6

CHAPTER 8: POLICY FRAMEWORK AND PRIORITY INVESTMENT STRATEGIES

Policy Framework for Freight Strategy Development.....	8-1
Facility Function.....	8-1
Freight Activity and Land Use Compatibility.....	8-3
Context Areas.....	8-4
Priority Freight Investment Strategies.....	8-5

CHAPTER 9: IMPLEMENTATION GUIDANCE

Plan Objectives and Policy Topics.....	9-1
----------------------------------------	-----

Freight Compatibility and Livability.....	9-2
How to Use this Guidance.....	9-3
Freight Strategy Applicability.....	9-5
Strategies by Facility and Context.....	9-7
Design Guidance.....	9-11
Freight Oriented Area.....	9-15
Diverse Activity Area.....	9-16
Community Oriented Area.....	9-17
Freight Facility Design Considerations.....	9-18
Design Vehicle.....	9-18
Lane Widths.....	9-19
Intersections.....	9-19
Turn Radii and Curbs.....	9-21
Accounting for Non-Motorized System Users.....	9-22
Fixed Objects.....	9-24
Special Median Considerations.....	9-24
Designated Truck Turn Around Locations.....	9-24
Design Element Applicability.....	9-25

CHAPTER 10: WORKING TOGETHER: A COORDINATED APPROACH

Goods Movement Advisory Committee.....	10-2
Transportation Providers Committee.....	10-3
Coordination with Regional Plans.....	10-3
Freight Planning Tools and Resources.....	10-4
Tampa Bay Regional Goods Movement Study Web Site.....	10-4
Comprehensive Freight Improvement Database.....	10-5
Freight Corridor Study Guidelines.....	10-5

APPENDICES (UNDER SEPARATE COVER):

- Appendix A: Freight Strategy Evaluation Process
- Appendix B: Freight Travel Markets
- Appendix C: Freight Activity and Land Use Compatibility Analysis
- Appendix D: Truck Volume Forecasting Methodology for Polk, Sarasota and Manatee Counties
- Appendix E: Goods Movement Advisory Committee Meetings

List of Tables

Table 3-1: Freight Transportation Employment in the Tampa Bay Region.....	3-2
Table 5-1: Committed Capacity Improvement Projects on Freight Network.....	5-4
Table 5-2: Committed Operational Improvement Projects on Freight Network.....	5-6
Table 5-3: Committed Freight Multimodal Improvement Projects.....	5-10
Table 7-1: Corridor-Based Project Evaluation - Performance Indicators and Supporting Data.....	7-7
Table 7-2: Freight Hot Spot Evaluation - Performance Indicators and Supporting Data.....	7-9
Table 8-1: Freight Facility Type and Function.....	8-2
Table 8-2: Regional Freight Investment Priorities.....	8-9
Table 9-1: Applicability of Selected Freight Mobility Strategies for Limited Access Facilities.....	9-8
Table 9-2: Applicability of Selected Freight Mobility Strategies for Regional Freight Mobility Corridors.....	9-8
Table 9-3: Applicability of Selected Freight Mobility Strategies for other Freight Distribution Routes.....	9-9
Table 9-4: Applicability of Selected Freight Mobility Strategies for Freight Activity Center Streets.....	9-9
Table 9-5: Applicability of Freight Facility Design Considerations on Non-Limited Access Roadways.....	9-10
Table 9-6: Freight Mobility Corridor Design Elements.....	9-12
Table 9-7: Freight Distribution Route Design Elements.....	9-13
Table 9-8: FAC Streets Design Elements.....	9-14
Table 9-9: Design Truck Types for Throughway Facilities.....	9-18
Table 9-10: Applicability of Freight Facility Design Considerations on Non-Limited Access Roadways by Context Area Type.....	9-25

List of Figures

Figure 1-1: Average Cost per Hour of Delay (2010)	1-2
Figure 1-2: Study Area	1-4
Figure 2-1: Estimated Commodity Flows in Florida (2009 Annual Tons)	2-3
Figure 3-1: Transportation and Economic Growth	3-1
Figure 3-2: Establishments Directly Involved in the Goods Movement Industry	3-3
Figure 3-3: Direct Employment Affected by the Goods Movement Industry	3-3
Figure 3-4: Annual Payroll Affected by the Goods Movement Industry	3-4
Figure 4-1: Top Five Inbound Commodities by Weight to Tampa MSA, 2009	4-10
Figure 4-2: Top Five Outbound Commodities by Weight from Tampa MSA, 2009	4-11
Figure 4-3: Top Five Internal Commodities by Weight within the Tampa MSA, 2009	4-11
Figure 4-4: Estimated Total Tonnage Growth, 2009-2040	4-13
Figure 6-1: Retail Diesel Price	6-6
Figure 7-1: Freight Needs Assessment Sources	7-2
Figure 7-2: Freight Mobility Strategies	7-4
Figure 8-1: Context Areas and Freight Activity Matrix	8-4
Figure 9-1: Expanded Outside Lane Widths	9-19
Figure 9-2: Trucks Turning from Departure Lane with a Bicycle Lane	9-20
Figure 9-3: Trucks Turning from Departure Lane with no Bicycle Lane	9-20
Figure 9-4: Stop Bar Locations	9-21
Figure 9-5: Extended Right and Left Turn Lanes	9-21
Figure 9-6: Tapered Curbs	9-22
Figure 9-7: Multiple Radius Curbs	9-22
Figure 9-8: Typical Truck Channel	9-23
Figure 9-9: Curb Extensions	9-23
Figure 9-10: Sidewalk Setbacks and Tree Buffers	9-23
Figure 9-11: Channelized Left Turn	9-24
Figure 9-12: Truck Turn Around	9-24
Figure 10-1: Interagency Coordination	10-2

List of Maps

Map 4-1: Regional Freight Transportation Network.....	Maps follow page 4-13
Map 4-2: Citrus/Hernando/Pasco County Freight Transportation Network	
Map 4-3: Pinellas/Hillsborough County Freight Transportation Network	
Map 4-4: Polk County Freight Transportation Network	
Map 4-5: Sarasota/Manatee County Freight Transportation Network	
Map 5-1: Committed Investments on the Regional Freight Transportation Network.....	Maps follow page 5-3
Map 5-2: Citrus/Hernando/Pasco County Committed Investments on the Regional Freight Transportation Network	
Map 5-3: Pinellas/Hillsborough County Committed Investments	
Map 5-4: Polk County Committed Investments on the Regional Freight Transportation Network	
Map 5-5: Sarasota/Manatee County Committed Investments on the Regional Freight Transportation Network	
Map 7-1: Regional Corridor Based Project Priority Needs.....	Maps follow page 7-10
Map 7-2: Citrus/Hernando/Pasco County Corridor Based Project Priority Needs	
Map 7-3: Pinellas/Hillsborough County Corridor Based Project Priority Needs	
Map 7-4: Polk County Corridor Based Project Priority Needs	
Map 7-5: Sarasota/Manatee County Corridor Based Project Priority Needs	
Map 7-6: Regional Freight Hot Spot Project Priority Needs	
Map 7-7: Citrus/Hernando/Pasco County Freight Hot Spot Project Priority Needs	
Map 7-8: Pinellas/Hillsborough County Freight Hot Spot Project Priority Needs	
Map 7-9: Polk County Freight Hot Spot Project Priority Needs	
Map 7-10: Sarasota/Manatee County Freight Hot Spot Project Priority Needs	
Map 8-1: Freight and Land Use Compatibility Analysis.....	Maps follow page 8-7
Map 8-2: Regional Priority Freight Investment Strategies	
Map 8-3: Citrus/Hernando/Pasco County Priority Freight Investment Strategies	
Map 8-4: Pinellas/Hillsborough County Priority Freight Investment Strategies	
Map 8-5: Polk County Priority Freight Investment Strategies	
Map 8-6: Sarasota/Manatee County Priority Freight Investment Strategies
